

# About Us

Fraser Child Care Center provides a safe and healthy learning environment in an inclusive setting in which children with special needs and typically developing children learn and grow together. Access to our center is through a secured entry.

# Why choose us?

Fraser treats each child as a unique individual. We recognize each child needs to be nurtured and accepted for the special skills and talents they possess. We work with each child to provide a stimulating environment supporting questions, exploration, and problem solving.
